

# MYSIDELINE

## RELEASE NOTES 9.22.1

26/10/2022

What's new, MySideline?

We're working on making the registration workflow even better, check out our initial updates:

- When participants register or log in to their profile they can now add their favourite NRLW team and/or update their NRL team to the Dolphins.
- All new documents added in MySideline Admin will have to nominate a file name either Birth Certificate, Driver's Licence, Passport, Photo ID, Other.
- Referee, Coach, Volunteer and Trainer registration workflow will now ask for their Working with Children Check information.
- New participants registering to a Club will now experience a much smoother workflow when creating an NRL Account then being returned to the registration form.
- Verification page wording has been updated to make the steps for updating their contact information clear.

We've also released:

- Have you tried out the new Match Grid? We're so excited to share this with you and hope it helps our Competition Managers / Association Admin with managing large competitions / gala days. Check it out and let us know what you think!
- Unavailability Report at Club Admin level to assist Clubs with managing participants who are unable to participate due to tribunal or injury - MySideline Admin.

What did we fix / enhance?

- Bug affecting the display of price when a new program had been created has now been resolved.
- A participant can now only register once to the same program,

Are you ready for MySideline season rollover... Find out more!
